Hawkesbury Business Events

Program Sponsorship 2026

The Hawkesbury Business Events (HBE) program has been developed in response to growing interest in the region for additional economic focused events. With the growth of Western Sydney as a destination, funding for economic projects and an influx of residents to the Hawkesbury, the potential for large growth in the economy of the region is high. Through our networking and recognition of achievement, we can improve our businesses and that in turn improves our community.

This year’s program

Just like the patchwork that is our logo, so is the amazing array of Businesses within the Hawkesbury. Our aim is to celebrate what makes Hawkesbury Business great.

Our events will begin in 2026 with our annual Awards Night dedicated to celebrating our local talent. Our awards night is responsive to local needs, with categories selected based on local business numbers and industries. We also focus on the promoting the next generation of entrepreneurs, with a youth award.

The year will conclude with Hawkesbury Business Week, a chance to introduce local business owners to not only their neighbours but those within their own industry. Starting with a Breakfast, then working our way through the Hawkesbury region celebrating local. Finally culminating in a Friday @5 Drinks to end off our week.

Join the Journey in 2026 now by sponsoring an event or the whole program to show your support for this initiative and get exposure for your brand throughout the region.
